

Secure regulated futures trading tailored for the Asian market

ICE provides the world's leading network of exchanges and clearing houses for financial and commodity markets

As global financial markets have grown, the need for innovation and agility has increased. Our global infrastructure is engineered to provide markets and clearing houses in the time zones and regulatory jurisdictions where our customers do business. ICE Futures Singapore connects customers in Asia to our global trading and clearing network, offering secure, regulated futures trading and clearing services within the region.

Global benchmarks for the Asian market

ICE Futures Singapore's portfolio of energy, FX, equity derivatives and digital asset contracts offer a range of hedging tools that enable risk mitigation and drive growth.

Access the global crude oil benchmark with **Mini Brent Crude Futures**.

Hedge moves in the U.S. Dollar with the widely recognized **Mini U.S. Dollar Index® Futures**.

With **Micro CoinDesk Bitcoin Futures**, you can precisely manage your exposure to bitcoin.

Use **Micro Asia Tech 30 Index Futures** to access Asian technology stocks across multiple Asian markets in a single contract.

Unparalleled access in the region

ICE Futures Singapore leverages industry-leading technology designed to provide unparalleled access to markets in an efficient, seamless trading environment. ICE Futures Singapore operates these markets in a fair, orderly and transparent manner as an Approved Exchange under the supervision of MAS.

No membership or market data fees

Connect through Independent Service Providers (ISVs), WebICE or directly

Access supported by a number of local and international clearing firms

Safe and efficient clearing

ICE Clear Singapore provides safe and efficient counterparty clearing services for the contracts offered by ICE Futures Singapore and operates as an Approved Clearing House under the supervision of MAS.

For a full list of approved clearing members visit: ice.com/clear-singapore/membership
